### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan Koenck on March 24,2004.

The application has been amended as follows:

#### **IN THE CLAIMS**

Cancel claims 20, 22, and 23.

#### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The Examiner agrees with applicants' position for the narrower set of claims (claim 1 and its dependent claims) that, as stated in their Response particularly at the paragraph bridging pages 6-7 , the relied upon prior art combinations each involving a reference combined with admissions in the specification are unduly hindsight oriented, particularly with respect to the selective adhesion properties required by an optical disc label.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Zirker whose telephone number is 571-272-1486. The examiner can normally be reached on 5-4-8:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Terrel Morris can be reached on 571-272-1480. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
